Public Health School Nurse Messaging Service

Information for staff, parents and governors

The Public Health School Nursing service has recently launched a new way for young people to get advice and support about health related issues. 'ChatHealth' is an award-winning public health school nurse messaging service for young people aged 11-19 years, available Monday to Friday from 9am to 4pm (automatic reply respond to incoming messages out of hours). The aim is to further improve access to healthcare for young people and to continue improving the quality and safety of the service. Young people have helped develop the promotional material which we are using to advertise the service in our school.

Sandra Kay

Public Health School Nurse Area Lead
